## PAYMENT POLICY

We accept and submit claims to the patient's insurance company.

We are out of network for all dental insurance companies.

### Stay informed:

Insurance companies often only allow a percentage of a set allowable amount for each procedure. An allowable amount is the maximum amount a plan will pay for a covered dental procedure. Sadly, this information is never provided to us by insurance companies. If your insurance does not cover the full amount, you will be responsible to pay the difference. We will do our best to **estimate** what the insurance will cover, but it will be your responsibility to complete payment for all procedures not fully covered by your insurance company.

**(Initial here)** I understand that the remainder of the bill not covered by insurance will be paid in full.

**(Initial here)** I understand that should I default on payment of my account and collection agency services are required, all costs of collections up to 40% of the balance, including attorney/court costs will be added to the balance of my account.
